

**INFILCO DEGREMONT, INC.**

Accelerator<sup>®</sup> softeners, Greenleaf Filters, DensaDeg<sup>®</sup>, AquaDAF<sup>™</sup> flotation. Climber<sup>®</sup> screens, ABW<sup>®</sup> filters, Cannon<sup>®</sup> digester mixers, 2PAD<sup>™</sup> Class A sludge treatment. Meteor<sup>®</sup> Activecell<sup>®</sup> MBBR System.

**SANITAIRE / ABJ**

Membrane and ceramic fine bubble diffusers, coarse bubble diffusers. Advanced SBR Technology featuring the ICEAS<sup>®</sup> process.

**HIL / EUTEK SYSTEMS, INC.**

Headcell<sup>™</sup> grit concentrator, Slurrycup<sup>™</sup> grit slurry classification and separation. Teacup<sup>™</sup> grit removal system, Grit Snail<sup>™</sup> grit dewatering. Grit King<sup>®</sup> vortex separator.

**TETRA TECHNOLOGIES (STS)**

Denite<sup>™</sup>, DeepBed<sup>™</sup> and storm flow filters.

**WESTECH, INC.**

COP<sup>™</sup> clarifiers, standard clarifiers, OxyStream<sup>™</sup> oxidation ditch process, anaerobic digester covers, mixers and heat exchangers, lime sludge thickeners and vacuum filters, CleanFlo<sup>™</sup> screens, MBR system.

**ORICA WATERCARE**

MIEX<sup>®</sup> ion exchange resin process for removal of DBP precursors and organics.

**ELECTROLYTIC TECHNOLOGIES**

Klorigen<sup>™</sup> onsite generation of atmospheric chlorine gas, sodium hypochlorite and caustic soda.

**FLOTTWEG**

Thickening and dewatering centrifuges.

**TOMCO EQUIPMENT COMPANY**

Liquid carbon dioxide storage and PSF feed systems for recarbonation and pH control.

**HUBER TECHNOLOGY**

Fine mechanical bar screens including the Step Screen<sup>®</sup>, Rotomat<sup>®</sup>, Escamax<sup>®</sup> and RakeMax<sup>®</sup>. Sludge thickening, dewatering and septage equipment.

**HSI, INC.**

Turbo and multistage blowers. Automated control systems.

**EXCELSIOR BLOWER SYSTEMS, INC.**

Package blower systems with two lobe and tri-lobe positive displacement blowers.

**VIKING CHAINS GROUP**

Rectangular clarifier and DAF components. Chains, sprockets, flights and bearings.

**INDUSCO ENVIRONMENTAL SERVICES**

Packed tower strippers, wet chemical scrubbers, chlorine scrubbers.

**RODNEY HUNT COMPANY**

Sluice gates, slide gates, stop gates, timber gates, roller gates, cone valves, and butterfly valves.

**FONTAINE**

Fabricated stainless steel sluice gates, slide gates and stop logs.

**WARMINSTER FIBERGLASS**

FRP buildings, weir plates, scum baffles, density current baffles, launders, FRP slide gates, flumes.

**CHEMCO EQUIPMENT COMPANY**

Lime slakers and feeders. Lime stabilization of sewage sludges. Bulk chemical storage silos.

**MILTON ROY**

Hydraulically and mechanically actuated metering pumps, skid mounted systems and controls.

**OZONIA NORTH AMERICA**

Ozone and Aquaray<sup>®</sup> UV disinfection equipment.

**ENVIROGEN**

Envirogen biofilters for control of odors, volatile organic compounds and hazardous air pollutants.

**JDV EQUIPMENT CORPORATION**

Rotary thickeners, shaftless screw conveyors, grit dewatering screws, screening presses.

**FORD HALL COMPANY, INC.**

Algae sweep system for clarifiers.

**VAREC BIOGAS**

Digester gas safety and handling equipment. Relief valves, flame arresters, gas control, burners & flares.

**FLUID DYNAMICS**

dynaBLEND<sup>®</sup> and dynaJET<sup>®</sup> liquid and dry polymer feed systems.

**DACO, DIVISION OF MKI SERVICES, INC.**

Bulk lime silos, cascade aerators for water treatment. Package wastewater treatment plants.

**PULSCO**

Surge control systems.

**ENDURO COMPOSITES**

FRP tank covers and baffle walls.
